

Student Handbook

Contact us HB

We offer multiple channels to reach L2D staff, as well as an open discussion forum on GitHub for you and the other students to ask questions.

Options

Academic queries

- Post on the GitHub Discussions forum with detailed information
- While posting publicly about problems may seem intimidating, remember that other students often face similar challenges and will benefit from the shared discussion and solutions

One-to-one support

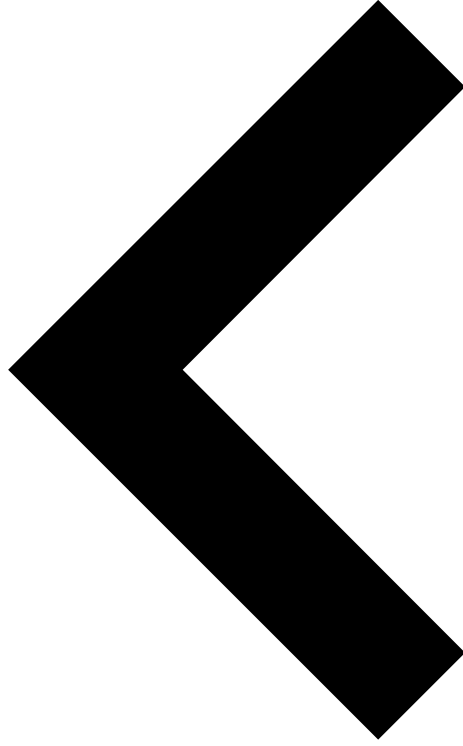

- Book a tutor support session as outlined in section 9
 - Use this for help on specific challenges

Assignment feedback

- Respond directly to your tutor's comments under the Pull Requests menu
 - Use this for questions about marked assignments

General course inquiries

- Email *admin@learntodiscover.ai*
 - For administrative questions, access issues, or other concerns
